ABOUT SSE

Established in 2008, Symbiosis School of Economics is a young, vibrant, and rapidly growing institution, with a demonstrable record of success. SSE is a niche institute seeking to develop intellectual discipline, and critical and analytical assessment, which will result in rational thinking along with an understanding of the need for constrained optimization and a strong urge to strive towards achieving equilibrium. We at SSE achieve these goals in an educational environment committed to excellence and academic freedom. Higher education is critical to successful economic development and quality of life. SSE offers graduate and postgraduate programs in Economics within which students develop the intellectual and professional competencies for successful life and work leadership. The course content is rigorous and the approach is descriptive as well as investigative; it connects the students with every aspect of economic life through various facets - the micro, the macro, and the global setups. We endeavor to create a class of students who will be capable of including innovations and pragmatism in problem-solving in these very spheres. With its interdisciplinary flavor, the curriculum prepares students for careers in banks, financial institutions, media and communication, Government, academia, and so on. Despite the demanding environment, there is ample scope for creativity, originality, and student Initiatives. It is a journey of academic pursuits, which will be ever-evolving including different perspectives from varied stakeholders, making our courses increasingly relevant and meaningful. The well-designed course structure follows an ARPIE framework (Academics - Research - Placements - Internationalization - and Enhanced Engagements).

DIRECTOR'S NOTE

Dear Recruiters,

It gives me immense pleasure to introduce to you the B.Sc Economics Honors program for the 2022-25 batch, Approximately 5% of the applicants are admitted each year, which bears testimony to our academic excellence.

We at SSE are confident that we leave the Symbiosis stamp of quality education for all our students. This is an outcome of the efforts of our young, talented, and dynamic faculty members, who are the backbone of our institute. The ever-evolving and well-structured curriculum, which is explained with the help of innovative pedagogy, provides the students with an education that empowers them with knowledge, familiarizes them with analytical skills, and encourages them to be creative, adaptable, and result oriented. The program is demanding and requires students to be disciplined while providing plenty of scope for creativity, originality, and student initiative.

The students are also sensitized to different cultures as they are drawn from various parts of India and the world. We believe that our graduates will be pragmatic professionals, critical analysts, competent decision scientists, and policymakers while also being sensitive human beings. They will most certainly be capable of providing an integrated framework to various economic, business, and financial challenges facing the 21st century.

It is my privilege to invite you to participate in SSE's Campus Recruitment. We look forward to a mutually beneficial, and long-term collaborative relationship.

Warm Regards,

Prof. Jyoti Chandiramani

Director,

Symbiosis School of Economics

PROGRAM OVERVIEW

The B.Sc Economics Honors program for the 2022-25 batch, at Symbiosis School of Economics is a comprehensive 3-year course that equips students with a strong foundation in Economics. The curriculum encompasses vital areas such as Economics Concepts, Data Analysis, Financial Markets, and Econometrics. This holistic approach ensures graduates are well-prepared for careers in Economic Research, Consulting, and Business Analysis. Moreover, the program fosters critical thinking and analytical skills, enhancing students' ability to solve real-world economic challenges. Through a blend of theoretical knowledge and practical applications, students are empowered to excel in diverse roles across the economic landscape.

INDUSTRY-WISE BREAKUP OF PLACEMENT 2021-24

WHY RECRUIT US

Core Courses: Students at SSE are exposed to a rigorous environment where they study courses in all aspects of Economics at both Bachelor's and Master's Level. The inclusion of interdisciplinary subjects like Finance, Data Analytics, Development Studies, International Trade, Urban Development.

Policy analysis: Makes students at both levels well-versed with the theory as well as recent developments in the real world.

International Exposure: As a part of Symbiosis International University, students at SSE are eligible for the Student Exchange programs post-completion of one year at SSE.

IT Skills: All of the courses incorporate a wide array of project work: Students undertake various projects using a range of programs like SPSS, Stata, R, Excel, and TORA.

Practical Exposure: Students undertake two Summer Internships. Thus, by the time they graduate, a student enrolled in the BSc. (Hons) program and M.Sc. has a minimum of 2 months of experience

Generic Elective Courses: Students at the Bachelor's level are provided options to undertake Liberal Arts Courses like Financial Law, Cyber Laws, Foreign languages (Spanish, French & German), Advanced Mathematical Economics, Advanced Econometrics, Operations Research, Agricultural Economics, and Behavioural Economics.

Quantitative Skills: Every student at SSE compulsorily studies courses in Statistics, Mathematical Economics, and Econometrics. There are advanced optional subjects for students in Mathematical Economics, Econometrics & Operations Research.

Writing and Articulation Skills: All students complete a course in Economic Journalism and Research Methodology where they are taught the nuances of writing and structuring their thoughts. Every student at SSE undertakes a dissertation in their final year which helps them to apply their learning to a live research project of their choice.

Soft Skills: Students have presentations in the internal assessments and are in charge of the numerous co-curricular activities at SSE like the College fest, social service, and sports. They organize events, procure sponsors and ensure participation from other colleges.

STUDENT EXCHANGE PROGRAM

Symbiosis School of Economics courses are benchmarked with the leading international universities. With multiple Memorandum of Understanding under its belt, SIU offers its students numerous opportunities to collaborate and study abroad for a single semester. This program consistently witnesses a high number of applicants every semester.

The credits the students attain while studying abroad are then transferred to SSE with

approval from the Symbiosis Centre for International Education, further permitting students to map their courses and the equivalent credits.

EVENTS AT SSE

NIVERVE: SSE ANNUAL FEST

Niverve, is where books step back, and imagination takes charge. A dynamic blend of intellect, rhythm, and vibrant hues, it's where learning meets creativity in bursts of youthful energy and excitement. Showcasing a spectrum of talent, Niverve invites singers, dancers, debaters, street performers, bands, poets, writers, photographers, and more. Last year, it embarked on a nostalgic journey, blending the past with the present. More than just a showcase, Niverve is a living celebration of unity, art, and culture where everyone gets an opportunity to take part in all the events.

ECONOMIST OF THE YEAR (EOTY)

SSE's yearly flagship event, Economist of the Year (EOTY), stands as a pinnacle of excellence where students nationwide exhibit their prowess in a diverse range of intellectually stimulating competitions. As the year progresses, the contest intensifies, challenging participants in various aspects, including analytical acumen, critical thinking, research aptitude, and a well-rounded grasp of general knowledge.

EOTY team 2023-24

LATE PROF. SURESH TENDULKAR MEMORIAL LECTURE

Over the years, SSE has been hosting a prestigious lecture series featuring distinguished economists who delve into the multifaceted realms of poverty—a theme particularly pertinent due to the late Professor Tendulkar’s seminal work in this domain.

2014
