SYMBIOSIS

From the Director's Desk

Dear Recruiters,

It gives me immense pleasure to introduce to you the graduating M.Sc. Economics class of 2019! I am proud to share with you that this year SSE celebrates 10 years of educating budding economists, analysts and researchers. It has been an enriching journey for all those associated with our institution. Our student body has grown four fold, our faculty strength has doubled, the number of specializations being offered has increased and SSE has hosted two international conferences.

The Masters programme at SSE commenced in 2011. We at SSE are confident that we have left the Symbiosis stamp of quality education on our students. This is an outcome of the efforts of our dynamic, committed and experienced faculty members who are the backbone of our institution. We strive to ensure that the environment at SSE remains committed to academic excellence and intellectual freedom.

We provide our students with an education that empowers them with knowledge, familiarizes them with analytical skills and encourages them to be adaptable and result oriented. The course requires discipline and is demanding, but gives plenty of scope for creativity, originality and student initiatives. The students are sensitized to different cultures as they are drawn from various parts of India and the world.

We believe that the graduates from SSE will be pragmatic professionals, competent decision and policy makers while also being sensitive human beings. They will be capable of providing an integrated framework to various economic issues, and all other concerns needed to be addressed at the micro, macro and global levels.

It is my privilege to invite you for placements at Symbiosis School of Economics, Pune. We look forward to a mutually beneficial, and a long-term collaborative relationship.

Warm Regards,

Prof. Jyoti Chandiramani

Director, Symbiosis School of Economics

Symbiosis International (Deemed University)

The University was established under Section 3 of UGC Act, 1956, in the year 2002. Prof. Dr. S.B. Mujumdar established Symbiosis on the principles of Vedic thought of "World as One Family" and is resplendent of the activities and students of several countries. The University also has MOU's of collaboration with several renowned universities of the world and encourages students & faculty to participate in its programmes. Symbiosis International University was given "Deemed to be University" status by the Ministry of Human Resource Development in 2002. The Deemed University is re-accredited by NAAC with Grade 'A' and CGPA of 3.58 on a four-point scale.

Symbiosis International (Deemed University) is nestled on a beautiful 300-acre campus, the Symbiosis Knowledge Village, on the outskirts of the city of Pune in Maharashtra, India.

With changes sweeping across India's higher education environment, Symbiosis International (Deemed University) has established need-based institutes across the 7 faculties of Law, Management, Computer Studies, Health & Biological Sciences, Media, Communication & Design, Humanities & Social Sciences and Engineering. Symbiosis International (Deemed University) continues to grow.

Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity in the classroom and faculty rooms, service learning projects, internships and value-added activities lead to a more holistic development of students.

Symbiosis International (Deemed University) bears in mind its objective that its ultimate aim is to participate in the task of inculcating knowledge and hone skills which are vital to the young graduates and post graduates who pass out from the Deemed University.

Vision:

Promoting international understanding through quality education

Mission:

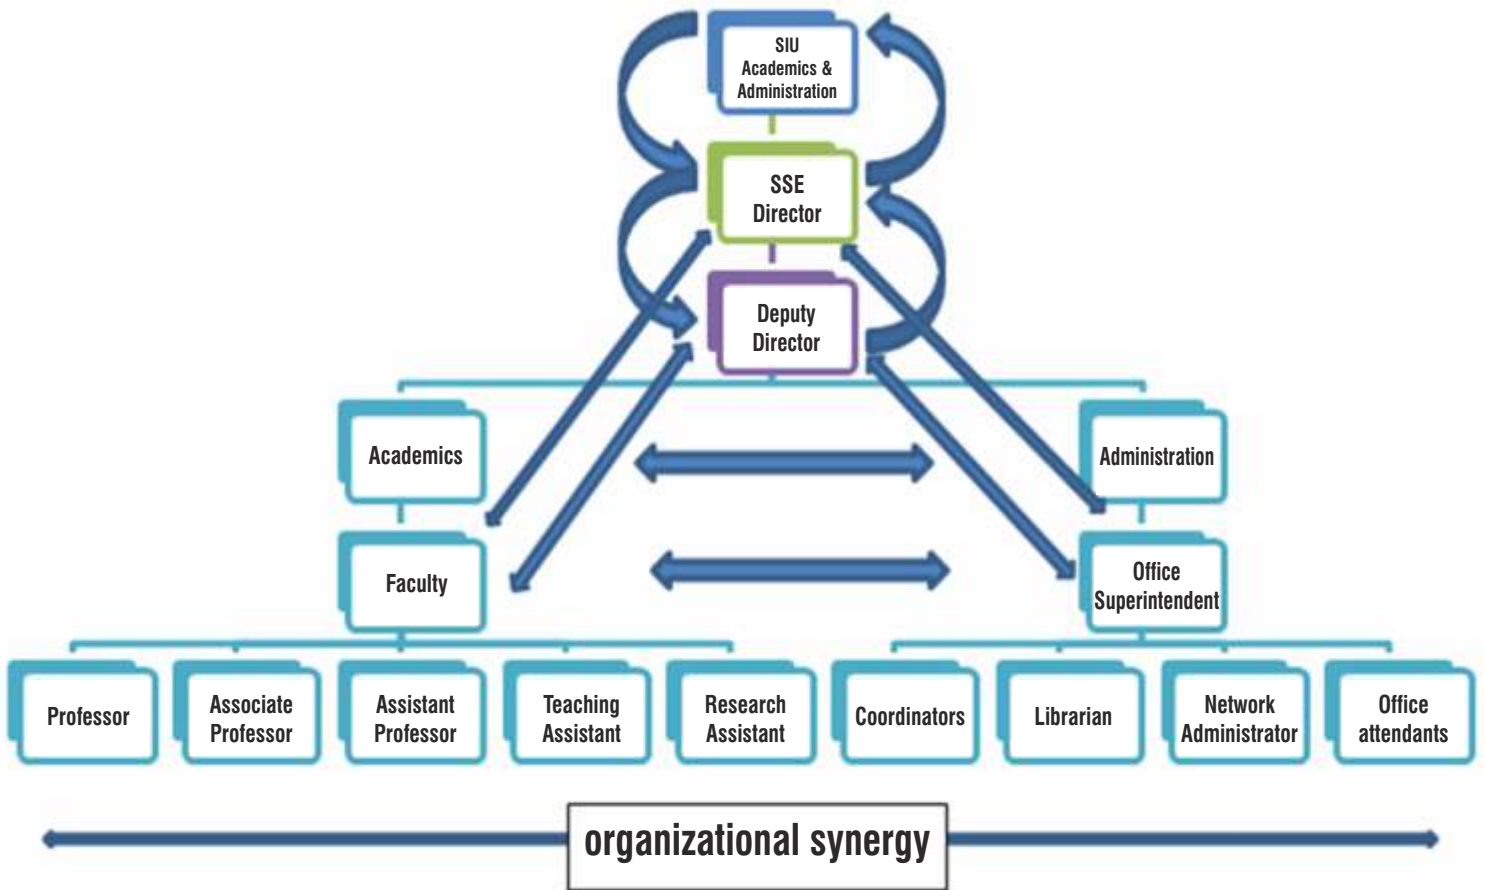

- to inculcate spirit of 'Vasudhaiva Kutumbakam' (the world is one family)
- to contribute towards knowledge generation and dissemination
- to promote ethical and value-based learning
- to foster the spirit of national development
- to inculcate cross cultural sensitization
- to develop global competencies amongst students
- to nurture creativity and encourage entrepreneurship
- to enhance employability and contribute to human resource development
- to promote health and wellness amongst students, staff and community
- to instil sensitivity amongst the youth towards the community and environment
- to produce thought provoking leaders for the society

About Symbiosis School of Economics

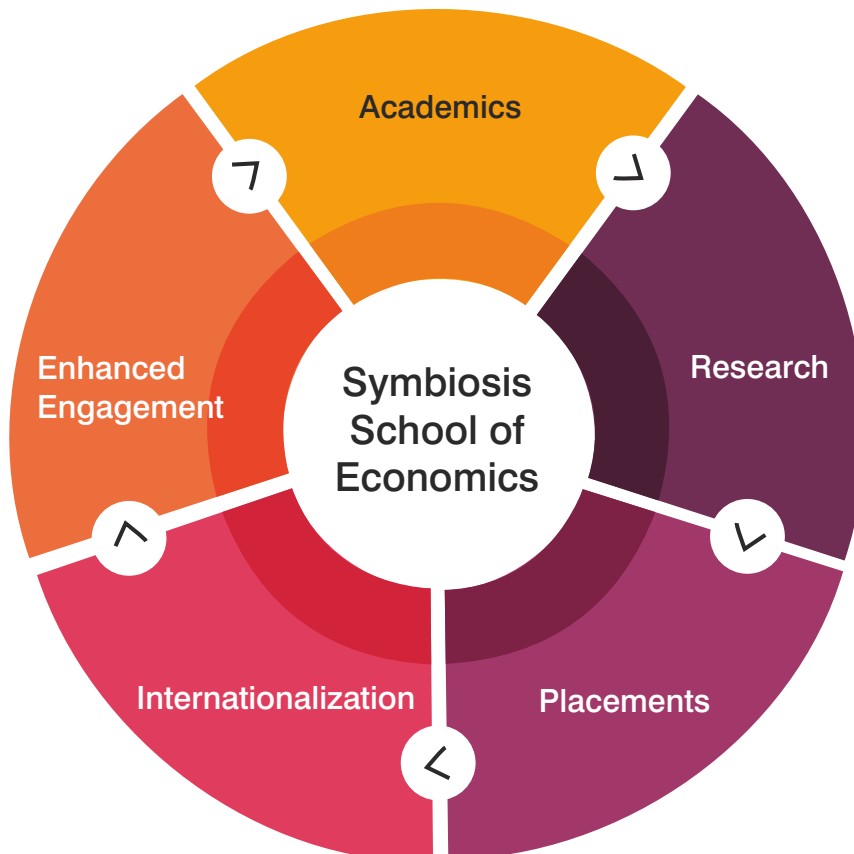

Established in 2008, Symbiosis School of Economics is a young, vibrant and rapidly growing institution, with a demonstrable record of success. SSE is a niche institute seeking to develop intellectual discipline, critical and analytical assessment which will result in rational thinking along with an understanding of the need for constrained optimization and a strong urge to strive towards achieving equilibrium. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom.

Higher education is critical to successful economic development and quality of life. SSE offers graduate and postgraduate programs in Economics within which students develop the intellectual and professional competencies for successful life and work leadership. The course content is rigorous and the approach is descriptive as well as investigative; it connects the students with every aspect of economic life through various facets - the micro, the macro and the global setups. It is our endeavour to create a class of students who will be capable of including innovations and pragmatism into problem solving in these very spheres. With its interdisciplinary flavour, the curricula prepare students for careers in banks, financial institutions, media and communication, Government, academia and so on. Despite the demanding environment, there is ample scope for creativity, originality and student Initiatives. It is a journey of academic pursuits, which will be ever evolving including different perspectives from varied stakeholders, making our courses increasingly relevant and meaningful.

Organization Structure

Program Highlights

At SSE the synchronization of Academics, Research, Placements, Internationalization and Enhanced Engagement creates a unique program that continues to produce capable, sensitized and outstanding students who are job-ready for our esteemed recruiters.

- **Academics:** The program is designed to be rigorous and has an ever-evolving curriculum along with continuous assessment including writing research papers, reports and making presentations. Research Methodology is a compulsory subject taught via a well-structured course, covering the appropriate application of various qualitative and quantitative research methods. The pedagogy for the program is varied and includes classroom discussions, field visits, guest lectures, seminars, workshops, assignments and internships.
- **Research:** The Centres for Academic Writing and Quantitative Learning and Applications actively support Faculty and student research at SSE. The Centre for Academic Writing supports students in writing essays, papers and various types of reports. The Centre also publishes an annual journal – *Oeconomica Scriptis* - that is a compilation of outstanding academic writing. The Centre for Quantitative Learning and Applications facilitates advanced level data analysis and statistical software training (SPSS, STATA, R and other statistical and econometric software) for the students.
- **Internationalization:** The courses at SSE are benchmarked with leading international universities. Students at SSE are eligible to participate in the semester exchange program with our partner universities and spend a semester abroad. This dimension of the course prepares students for higher studies at leading Indian and foreign universities and also makes them globally employable.
- **Enhanced Engagement:** SSE is actively engaged in building strong relationships with regional, national and international academic institutions as well as research organizations. SSE has collaborated with RIS, New Delhi; NABARD, Mumbai; IIHS, Bengaluru and Avantha Foundation, Pune to name a few.

Research at SSE

Faculty at SSE are involved in research in various fields. Students are encouraged to assist on research projects to enhance their learning and research experience.

1. Development Studies

1.1 Rural and Urban Development -

Faculty at SSE have been actively and consciously engaging with researchers, practitioners and academicians over the last few years and developed an informal shared network on various issues, pertaining to the urban agenda. SSE looks forward to starting an Urban Development Centre with the objective to have a focused approach to urban issues, which provides the necessary leverage to implement strategic interventions, test its efficacy and re-orient future responses through outcome measurement/evaluation. The identified focal themes include Governance, Transport, Poverty, Basic Services for Urban Poor (Slums & Housing in Slums) and Urban Finance.

1.2 Sustainable Development -

Faculty researching in this area are exploring how innovation and technology could play a pivotal role in sustainable development. They are also investigating the implications of linkages between FDI, international trade, innovation and the behavioural pattern of skilful human development.

2. International Trade

2.1 Emerging Economies -

The changing dynamics of the world economy in favour of emerging economies and the increasing knowledge pool and information on these economies are going to be instrumental in radically transforming the global economy and socio political dynamics, by giving rise to new solutions through research insights for a better understanding of how markets, institutions and technologies will interact in the near future. SSE has a research thrust area for Emerging Economies in order to establish research and consulting linkages between the Government, corporate, researchers and think tanks.

3 Behavioural and Experimental Economics -

SSE faculty have been working closely with corporate organizations to approach challenges in the HR and Marketing spaces, using Behavioural economics. Faculty research in experimental economics is aimed towards examining how various aspects of identity and institutions influence decision making by conducting experiments and applying relevant econometric analysis.

M.Sc. Economics Program

M.Sc. ECONOMICS

The M.Sc. Economics programme is interdisciplinary. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.

We select the best students from the applicant pool and provide them with a platform where their skills are put to test. To safeguard the efficacy of the program, SSE has a highly comprehensive screening process. This induction criterion serves as a filter to enrol the best candidates across different disciplines with proven excellence not just in academia but also in extracurricular activities. We have an eclectic mix of student backgrounds ranging from economics, commerce, mathematics, statistics, management, and marketing. This diversified student base brings to the table a broad set of ideas, innovations and a broad framework of dynamic iterations. This talented student community, together with the knowledge ethic imbibed at SSE ensures that students are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.

SSE adopts innovative and proactive methods of pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. The curricula places a lot of importance on intensive application based research and analysis. Further, to strengthen the skill set, the students undergo workshops where they are trained to handle and implement data packages and software like SPSS, STATA and R.

As part of the course, all students are required to complete a two-month Industry Internship. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied.

At the end of the two years students are well prepared to face the challenges of academia, research, business and industry requirements.

Course Structure

FIRST YEAR (COMMON)

- Advanced Microeconomics 1 & 2
- Advanced Macroeconomics 1 & 2
- Mathematical Economics
- Advanced Econometrics 1 & 2
- Economic Growth Theory
- Public Economics
- Research Methodology & Statistical Packages
- Industry Internship

INTERNATIONAL TRADE

- Pure Theory of Trade
- International Trade Policy
- Foreign Capital, Labour Market and Development
- Trade and Environment
- Multinational Trade Procedures and Laws
- International Organizations and Regional Co-operation in Trade
- International Capital Market and Finance

DEVELOPMENT STUDIES

- Theories, Models of Development and Distribution
- Market & Institutional Framework of Development
- Trade, Aid and Development
- Urban Economic Development
- Development Experience
- Rural Development
- Human Development

URBAN DEVELOPMENT

- Urban Governance
- Urban Demography
- Urban Land Economics
- Urban Planning & Development
- Urban Finance
- Urban Development Experiences
- Urban Poverty, Migration and Sustainable Livelihoods
- GIS concepts and Spatial Database for Urban Planning
- Electives - Urban Mobility / Urban Energy & Environment / Urban Solid Waste Management / Urban Water & Sanitation

Specializations

M.Sc. Economics International Trade

The specialization in International Trade broadly explores the principles of economics related to the causes and effects of trade beyond geographical and political boundaries. This, in turn, explains the patterns and consequences of transactions and interactions between the inhabitants of different countries, including trade, investment and migration and other factors. Parts of the specialization also involve investigating the consequences of trade activities on economies in perspectives of resources, preferences and institutions. This specialization module highlights the angles of politico-economic policy variables on world economies, as well, particularly in the post-globalized era.

INTERNATIONAL TRADE

ABHISHEK DATE

abhishek.date.2017@sse.ac.in

- Graduation** : Sinhagad College of Commerce, Pune University
- Summer Internship** : Ventura Securities Ltd, Mumbai
- Research Areas** : Portfolio analysis and Risk Management

AISHWARYA KODUKULA

aishwarya.kodukula.2017@sse.ac.in

- Graduation** : Andhra University College of Engineering (A)
- Summer Internship** : IIM Visakhapatnam
- Research Areas** : Recovery Rates, Climate Change
- Work Experience** : Fluentgrid Ltd, Visakhapatnam

AMRUUTA PAWAR

amruuta.pawar.2017@sse.ac.in

- Graduation** : Fergusson College, Savitribai Phule Pune University, Pune
- Summer Internship** : Avantha Foundation
- Other Internships** : Marketing and Publicity - Canvs.in, Instructor - Pugmarks Holidays Research Areas: International Trade, Development Economics, Political Economy

GARIMA CHAWLA

garima.chawla.2017@sse.ac.in

- Graduation** : Satyawati College, University of Delhi
- Summer Internship** : Research and Development Initiative Pvt. Ltd.
- Research Areas** : Assessment of Expenditure and Procurement Pattern of Cooking Fuel in Rural Household of India and Consumer Satisfaction Survey for Govt. of Rajasthan

KARAN KHILWANI

karan.khilwani.2017@sse.ac.in

- Graduation** : Kishinchand Chellaram College, Churchgate, Mumbai.
- Summer Internship** : Kishinchand Chellaram College, Churchgate, Mumbai.
- Research Areas** : Agricultural Economics, International Trade, Monetary Economics, Labor Economics

MALVIKA PHADNIS

malvika.phadnis.2017@sse.ac.in

- Graduation** : Symbiosis College of Arts and Commerce, Pune University
- Summer Internship** : Archers Wealth Private Limited
- Research Areas** : Fundamental financial analysis of the FMCG sector

MANPREET SINGH

manpreet.singh.2017@sse.ac.in

- Graduation** : Ramnarain Ruia College, University of Mumbai
- Summer Internship** : IndiaSpend, Mumbai
- Research Areas** : State budget analysis (NCT of Delhi), India's export pattern under NDA II government, Niti Aayog's health index and MMR analysis

MANSI MALHOTRA

mansi.malhotra.2017@sse.ac.in

- Graduation** : Lakshmbiai College, University of Delhi
- Summer Internship** : Export Import Bank of India
- Research Areas** : Business and Industry

MARIAM ZEBA

mariam.abdulla.2017@sse.ac.in

- Graduation** : St. Joseph's College of Arts and Science Bangalore, Bangalore University.
- Summer Internship** : Academy of Political and Social Studies, Pune
- Work Experience** : Global Market Estimates, Pune
- Research Areas** : Analysis of Tax Behavior, Perceptions and Compliance

MONALI KISHOR VASU

monali.vasu.2017@sse.ac.in

- Graduation** : Symbiosis School of Arts and Commerce, Pune
- Summer Internship** : Avantha Foundation, Goa
- Work Experience** : Global Market Estimates, Pune
- Research Areas** : International Trade, Trade and Investment Trends, Import Export Behaviour, Macroeconomic Policy Making

PARUL SHARMA

parul.sharma.2017@sse.ac.in

- Graduation** : ICG, Jaipur
- Summer Internship** : Start-up Oasis, Jaipur
- Research Areas** : Social Impact metrics and CSR for high impact startups

RAJAT RAGHAV

rajat.raghav.2017@sse.ac.in

- Graduation** : KC College, University of Mumbai
- Summer Internship** : International Solar Alliance, New Delhi
- Other Internships** : Confederation of Indian Industries; FISME
- Research Areas** : Member Country contribution for 4 major programs of International Solar Alliance

SATABHISHA MITRA

satabhisha.mitra.2017@sse.ac.in

- Graduation** : Chandernagore Govt. College, Burdwan University
- Summer Internship** : Chandernagore Govt. College, Burdwan University
- Research Areas** : Performance of India's export to Asian Countries since 2000

SHALINI BASU **shalini.basu.2017@sse.ac.in**

- Graduation** : Asutosh College, Calcutta University
- Summer Internship** : Finlink Consultancy Services, Kolkata
- Other Internships** : N.S. Leather Products Pvt.Ltd., Kolkata
- Research Areas** : Financial advisory report of the Automobile Industry, Study of the Leather industry and its impact on the environment, Impact of Self-Help groups on Education and Health sectors in India, Effect of Price Variations on Producers and Consumers

SHIBONI SUNDAR

shiboni.sundar.2017@sse.ac.in

- Graduation** : SIES College of Commerce and Economics, University of Mumbai
- Summer Internship** : HDFC Bank House
- Work Experience** : Hexaware Technologies, Pvt. Ltd
- Research Areas** : Capital Flows and Marketing Strategy

SHRAVIKA KHANDELWAL

shravika.khandelwal.2017@sse.ac.in

- Graduation** : Symbiosis Centre for Management Studies, Pune
- Summer Internship** : Maeflower Consultancy
- Work Experience** : Sales Executive at Vasati, a furniture and a lifestyle store.
- Research Areas** : Comparative analysis of Apple imports in India and US

SWASTIK TYAGI

swastik.tyagi.2017@sse.ac.in

- Graduation** : PGDAV COLLEGE, University of Delhi
- Summer Internship** : Directorate of economics and statistics (MOSPI), New Delhi
- Research Areas** : Vital statistics (Analysis of MCCD in Delhi)

VIDHI KALRA

vidhi.kalra.2017@sse.ac.in

- Graduation** : Jai Hind College, University of Mumbai
- Summer Internship** : Powergrid Corporation of India Limited
- Other Internships** : Interned at Medit, a start-up as a marketing agent
- Research Areas** : Rural Development through CSR and Impact assessment

VISHNU PRABHU

vishnu.prabhu.2017@sse.ac.in

Graduation : MITSOM college, Savitribai Phule Pune University

Summer Internship : Symbiosis College of Economics, Pune

Other Internships : Observer Research Foundation, Mumbai.-
Research Intern; Firststrand Bank, Mumbai.
- Corporate Finance team Intern

Research Areas : Primary and Secondary Research, Macro
economic Policy making

Specializations

M.Sc. Economics Development Studies

Development Studies include the broad areas of economics that explore the causes, needs and processes of development in low-income countries. It also involves the study of the structural change phenomena caused by the advancements that these economies witness in the course of their growth process. The specialization focuses on theories and methods, both spatial and temporal, which help in forming policies at the domestic and international levels to achieve optimal social ends. The module also concentrates on certain aspects and issues of economic development across post-war periods, spanning right up to the liberalized and globalized new world economies. It is geared towards a multidisciplinary approach that encompasses social and political angles, other than pure economic concerns.

DEVELOPMENT STUDIES

AIMAN HAQUE

aiman.haque.2017@sse.ac.in

- Graduation** : Shri Shikshayatan College, Calcutta University
- Summer Internship** : Start-up Oasis, Jaipur
- Research Areas** : Human Development focusing on Education and Health

AMRITA DAHAL

amrita.dahal.2017@sse.ac.in

- Graduation** : Teresian College, University of Mysore
- Summer Internship** : Sikta Irrigation Project, Ministry of Energy, Water Resources and Irrigation
- Research Areas** : Economy of LDC & Developing, Poverty & Living Standards, Quality of Life & Human Development

APOORVA MAHENDRU

apoorva.mahendru.2017@sse.ac.in

- Graduation** : Gargi College, University of Delhi
- Summer Internship** : Research and Information System for Developing Countries (RIS), Ministry of External Affairs
- Other Internships** : Content writer at Boostnet, Content writer at Readers Club Delhi and Volunteer at Teach for India
- Research Areas** : Development sector including social, education, economic and rural

CHYAVAN MALLYA BARKUR

chyavan.barkur.2017@sse.ac.in

- Graduation** : Ramakrishna Mission Vivekananda College, Chennai; University of Madras
- Summer Internship** : Symbiosis School of Economics, Pune
- Work Experience** : Worked at Vijaya Bank as Clerk
- Research Areas** : Smart City Projects: Status and Review: Pune, Nashik and Pimpri Chinchwad

KRITI SHARMA

kriti.sharma.2017@sse.ac.in

- Graduation** : Shyam Lal College, University of Delhi
- Summer Internship** : Research and Development Initiative Pvt. Ltd., New Delhi
- Research Areas** : Concordian Economics, Human Development, Applied Economics and Research Analysis

KUSUM YADAV

kusum.yadav.2017@sse.ac.in

- Graduation** : Dr. Iankapalli Bullayya college, Andhra University
- Summer Internship** : Rashtriya Ispat Nigam Limited
- Research Areas** : Employee satisfaction and productivity analysis

MANISHA MATHAI

manisha.mathai.2017@sse.ac.in

- Graduation** : St. Joseph's college of arts and science, Bangalore
- Summer Internship** : Healing Fields Foundation, Hyderabad
- Work Experience** : Administrative staff college of India, Hyderabad
- Research Areas** : Rural Health Education, empowerment of women

PRANJALI HARDIKAR

pranjali.hardikar.2017@sse.ac.in

- Graduation** : Symbiosis College of Arts and Commerce, Pune
- Summer Internship** : National Bank for Agriculture and Rural Development
- Work Experience** : Fellow at Teach for India, Pune
- Research Areas** : Impact of RSETIs on employment generation

RESHMA JOSEPH

reshma.joseph.2017@sse.ac.in

- Graduation** : Mar Ivanios College (Autonomous), University of Kerala
- Summer Internship** : Madras School of Economics, Chennai
- Research Areas** : Relationship between Government Size and Growth: A Panel Data Analysis

SAGNIK SAMADDER

sagnik.samadder.2017@sse.ac.in

- Graduation** : Ramakrishna Mission Vidyamandira, Belur
- Summer Internship** : Recon Engineering Co. Pvt. Ltd.
- Research Areas** : Analysis of Manufacturing Process and Product development, Impact of quality of education on the development of students pertaining to elementary schools

SANDRA JOSE

sandra.jose.2017@sse.ac.in

- Graduation** : St. Josephs College of Arts and Science, Bangalore
- Summer Internship** : Reserve Bank of India, Mumbai
- Research Areas** : Financial Contagion, Human Development, Climate Change

SHALMALI AKHADE

shalmali.akhade.2017@sse.ac.in

- Graduation** : Ness Wadia College of Commerce, Savitribai Phule Pune University
- Summer Internship** : IIM Ahmedabad
- Research Areas** : Developmental studies, Needs assessment for school going children, Policy research and implementation (Right to Education)

SHREYA KAPOOR

shreya.kapoor.2017@sse.ac.in

- Graduation** : National P.G. College, University of Lucknow
- Summer Internship** : International Food Policy Research Institute, New Delhi
- Research Areas** : Development Economics, Employment and Unemployment, Poverty, Rural Development

SHWETA KRISHNAN

shweta.krishnan.2017@sse.ac.in

- Graduation** : Stella Maris College, University of Madras
- Summer Internship** : National Institute of Advanced Studies, IISc Bangalore
- Research Areas** : Policy Research on Human Development and Inequality: Circular Migration and Farmers Suicide in India

VIVEK JADHAV

vivek.jadhav.2017@sse.ac.in

- Graduation** : Sarla Anil Modi School of Economics, NMIMS University, Mumbai
- Summer Internship** : Symbiosis School of Economics, Pune
- Other Internships** : Rajaram Bapu Solvex Limited, Sangli
- Research Areas** : Measuring the Ethnic and Political diversity and its impact on economic growth, Impact of social and political structure on Indian Economy, Non-linear pricing and digitalization, Tax devolution: State and Central governments relationship, Regional parties and their importance for 2019.

Specializations

M.Sc. Economics Urban Development

Urban Studies across the country has largely been considered a technical field of study involving constructing and designing urban spaces, largely looking past critical economic factors. Symbiosis School of Economics has developed a course on Urban Development that takes into account economic and socioeconomic factors of urbanization and incorporates other aspects of urban space as well. Globally, the significance of sustainable development has emphasized the need for experts of different backgrounds to work together to build sustainable cities, which is also the 11th Goal of the Sustainable Development Goals listed by the United Nations. The course is interdisciplinary in its approach. Students are exposed to technically grounded subjects like Geographic Information System (GIS), the importance of financial management and governance at ULBs, studying of energy, water and sanitation resources in the nation and the need to bring down urban poverty. Understanding the spread of land in urban areas and planning urban spaces accordingly is the key focus of the course.

URBAN DEVELOPMENT

ADITYA DHABU

aditya.dhabu.2017@sse.ac.in

Graduation : Amity College of Commerce and Finance,
Amity University, Noida

Summer Internship : The Reserve Bank of India, Mumbai
Central Office

Research Areas : Overseas Investment, Agricultural Price
Instability, Urban Growth and
Development, Foreign Exchange Rate and
Growth

AKSHAY CHOUDHARI

akshay.choudhari.2017@sse.ac.in

Graduation : Garware College, Savitribai Phule
Pune University

Summer Internship : National Institute of Urban Affairs,
Delhi

Research Areas : Madurai: Policy perspective on
Education and Health

ALEXI VISHESH LAKRA

alexi.lakra.2017@sse.ac.in

Graduation : St. Joseph's College of Commerce,
Bangalore University

Summer Internship : Symbiosis School of Economics, Pune

Other Internships : Industrial By-product Management
Division of Tata Steel

Research Areas : Saving Behavior of College Students

Ms. Ashlesha Khedekar - Swaminathan	Behavioral Economics and it's applications
Prof. Pundarik Mukhopadhaya	Poverty and Inequality

WHY RECRUIT US?

Economics, a social science and highly inter-disciplinary subject still remains one of the most sought after courses by recruiters in both the corporate and research arena. At SSE we believe that a mere theoretical understanding of the subject will not enable any of the stakeholders- students, professors and the institution as a whole, to grow. Thus our aim is to inculcate the right 'skills' and 'attitude' in the students who will become policy makers in the future. The MSc. Program provides our students opportunities to develop employable skills through the following dimensions of the course:

Evaluation:

An example of how we ensure that students in the real world scenario can interpret traditional economics and coursework taught is through our rigorous internal evaluation systems. This internal evaluation consists of research papers, assignments, presentations and quiz. Each component carries equal importance in judging student's originality, creativity and most importantly their ability to apply what they have learnt.

Research:

Research and development is a core component of any modern day business/industry. Students undergo a rigorous research methodology course that augments their abilities as a researcher. The research papers and assignments along with internships undertaken by the students provides them with a better understanding of the global economic scenario and issues and also make them more capable in performing tasks in an efficacious manner.

Data Analysis:

The technical skill sets acquired by the students through the course of the programme, which comprises of time series analysis, modeling, forecasting and the use of various software provides them with the opportunity to handle the strenuous task of analyzing the large pool of economic data.

Policy Analysis:

The economic indicators governing the market forces of the country are influenced by the decisions taken by policy makers. The Students are equipped with the required knowledge of understanding the market forces and subsequent effects of the policies on the economy.

Economic Journalism:

The various clubs and cultural events of the college provide a platform for the students to voice their opinions on the economic scenario and issues through debates, group discussions and various new media instruments such as podcasts, presentations and short films. Many of students undertake internships in the field of economic journalism. Thus the students are able to paint an unbiased and informative picture of various economic changes and policy effects that take place worldwide.

Development Sector:

The institute offers a rigorous and comprehensive course on Development Economics, which facilitates a clear understanding of the economics behind the working of the development sector and the various problems faced in that area. The wide work experiences of the faculty from different areas of the development sector further gives a first-hand account of the way things work in these areas, providing a clear and authentic perspective of the work life in the development sector. Given the exhaustive course, an excellent faculty as well as the experiences gained by interning in a diverse range of organizations both in the public and private sectors, students are well prepared for work in the government as well as non-government organisations in the development sector, urban economic development, research institutes and think tanks, corporate social governance and policy making. We look forward for your support and invite you to be part of the campus placement.

Past Recruiters

The students of SSE have been recruited by many prestigious Institutes and Organizations in the past. Some of the prominent organizations which have participated in campus recruitment include:

- Association of Indian Forging Industry
- Avantha Foundation
- Basix Academy
