## SCHOOL OF ECONOMICS

Placement Report 2019-20

“Symbiosis School of Economics is a place where knowledge, intellect and diversity come together to stimulate young minds, creating a class of promising economists and social change makers for a better tomorrow. “

## Foreword

Dear Recruiters,

In the field of education, Symbiosis International (Deemed University) has created a strong, reputed and a powerful brand. Symbiosis School of Economics (2008), over the last decade has left its footprints with our 1300 + alumni, who have indeed made us proud of their achievements. Our alumni have been accepted in reputed universities and programmes in India and across the globe. They have been placed with reputed corporate, think tanks, government organisations across varied sectors. This could only have happened because of the focussed endeavour to create an institution with a strong vision. Our differentiators include:

- A well evolved **PROGRAMME STRUCTURE**, incorporating inputs from various stakeholder – characterised with rigour, multi- disciplinary framework and highlighting contemporary issues at the global, national and local levels.
- **INNOVATIVE PEDAGOGY** with a strong focus on experiential learning.
- Preparing the students for **CRITICAL THINKING** and assessments which test the students for their astuteness.
- The environment is **DISCIPLINED AND DEMANDING**, at the same time providing opportunities for creativity, originality and student initiatives.
- At the end of three years – the students are adequately trained with both **WRITING AND QUANTITATIVE SKILLS** – equipping them with abilities to:
  - write reports, projects, research papers, book reviews, commentaries and many other writing formats / structures .
  - analyse data using software such as advanced excel, SPSS and R to name a few.
- Sensitising, the students to **THE DEVELOPMENT AGENDA** of nation building with a philosophy which is guided by strong values such as equity, inclusion and sustainability .
- Preparing the students who are capable of making decisions as well as exhibiting both **LEADERSHIP ROLES** and also being good **TEAM PLAYERS** .

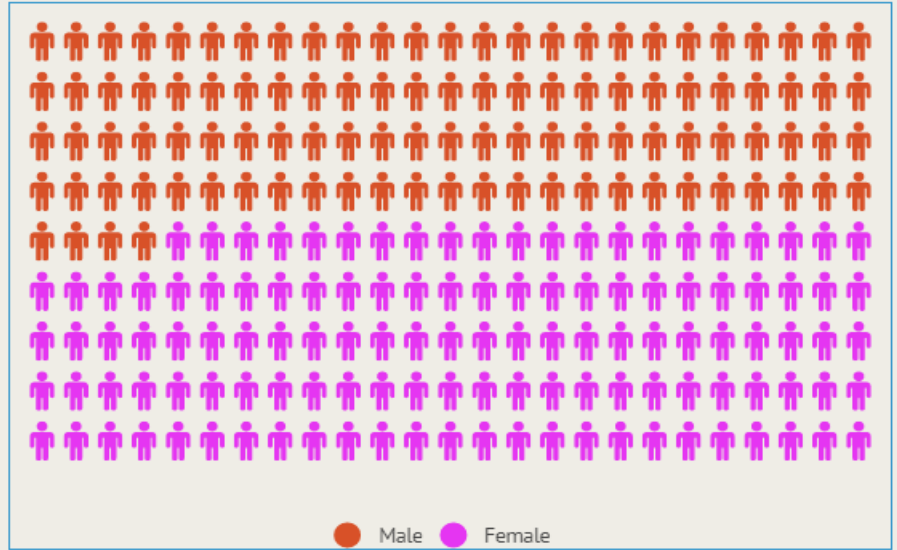

It is my privilege to invite you for placements at Symbiosis School of Economics, Pune, and we look forward to a mutually beneficial, and a long-term collaborative relationship.

**Professor Jyoti Chandiramani**  
**Director, Symbiosis School of Economics**  
**Dean, Faculty of Humanities and Social Sciences**  
**Symbiosis International University**

## Why Recruit From Us?

### Program Highlights

**Core Courses:** Students at SSE are exposed to a rigorous environment where they study courses in all aspects of Economics at both Bachelor's and Master's Level. The inclusion of interdisciplinary subjects like Finance, Development Studies, International Trade, Urban Development, and policy analysis makes students at both the levels well versed with the theory as well as recent developments in the real world.

**International Exposure:** As a part of Symbiosis International University, students at SSE are eligible for the Student Exchange programs post completion of one year at SSE. A set of students fly out to different nations and in exchange, a set of international students fly in to experience the Indian culture and teaching pedagogy at SSE.

**IT Skills:** All of the courses incorporate a wide array of project work. Students undertake various projects using a range of programs like SPSS, Stata, R, Excel, ToRA. In addition, workshops are conducted from time to time for exposure to real-life projects by industry experts.

**Practical Exposure:** Alongside the assignments and projects students completed during their coursework, every student is mandated to undertake two Summer Internships. Thus, for a student enrolled in the BSc.(Hons) program has a minimum 2 months of experience, while a student enrolled in MSc. Has 2 months of the minimum internship experience, respectively by the time they graduate.

**Quantitative Skills:** Every student at SSE compulsorily studies courses in Statistics, Mathematical Economics, Econometrics. There are advanced optional subjects for students in Mathematical Economics, Econometrics & Operations Research.

**Specialisations/Optional:** Students at Bachelor's level are provided options to undertake Liberal Arts Courses like Financial Laws, Cyber Laws, Foreign languages (Spanish, French & German), Advanced Mathematical Economics, Advanced Econometrics, Operations Research, Agricultural Economics and Behavioural Economics. Students at Master's Level can undertake specialisations in Development Studies, International Trade, Urban Development & Finance (Finance starting AY 2020).

**Writing and Articulation Skills:** All students complete a course in Economic Journalism and Research Methodology where they are taught the nuances of writing and structuring their thoughts. Every student at SSE undertakes a dissertation in their final year which helps them to apply their learning on a live research project of their choice. The College also hosts one of the most active debating societies that constantly challenges at the upper echelons of the sport nationally.

**People Skills:** Students are in charge of the numerous co-curricular activities at SSE like the College fest, social service and sports. They organize events, procure sponsors and ensure participation from other colleges. Students are made to work in groups for their course assignments as well as the mid course research project, which helps develop interpersonal and communication skills.
